# WHY CHOOSE CURLY VISION HAIR?

## *Global Ambassador*

Curly Vision Hair was founded by our Global Brand Educator Chi Cheidem.

Chi Cheidem has over 15 years of expert experience in the hair industry and being a master in semi-permanent extensions (micro ring, tape, weft methods) she brought about establishing a brand which offers hair enhancements to women of all ages and hair types.

After years of searching for reliable hair extensions, it became obvious to Chi that there was a gap in the market for hair extensions which cater for women of all ages who have different types of hair concerns. Whether it's adding luxurious length or thickness, or creating custom tones and colours (ombre, balayage), Curly Vision Hair is able to give you and your clients the hair you've always wanted!
